Fulani people now need Satellites
They can't follow the road
of the stars anymore
Fulani people now need Satellites
They can't follow the road
of the stars anymore
Because of Dryness
Because of Dryness
Because of Dryness
Because of Dryness

Guidés par les étoiles
De fond ancestral
Les bergers Fulbés du ciel
étaient les complices

La menace plane sur cette tribu
Dérivation de l'or bleu sans issue
Utilisée pour cultiver
Leurs marres et oasis se sont asséchés

Fulani People, People
Can't follow the road of the stars
Any longer
Because of Dryness
Because of Dryness

Satellites don't see, don't see
The story of, The story of, people

Fulani people now need Satellites
They can't follow the road
of the stars anymore
Fulani people now need Satellites
They can't follow the road
of the stars anymore
Because of Dryness
Because of Dryness

Hostages of technology or
Mariage between
modernity and tradition ?
